The Eneo mirror is one of the new feature packed LED top and bottom backlit mirrors from Arcisan.

It uses the latest LED technology for long life, low electricity usage and an even spread of light, unlike older fluorescent lit mirrors. The lights and demister are operated via the touch switch.

This model also features an integrated magnifying mirror and digital clock. Quality is assured through the use of high quality float glass and 100% silvering on the rear that is completely sealed against any moisture penetration.

Size is 900mm x 700mm.
