

## Eneo Shelf With Towel Rail 40cm

EN73

**Finish:** Chrome

**Custom Finishes available:**

Specialty finishes available upon request.

By combining the square geometric form with the gentleness of curved corners, the Eneo 40cm shelf with towel rail has perfectly captured today's design trend. That trend is contemporary luxury. Contemporary, though the use of straight lines. Luxury, through generous proportions, softened edges and chrome plated brass construction.
