

7060 Mounting Kit Includes:  
1 x Thermorail Mount  
8 x Fixing Screws  
8 x Fixing Plugs

Electric connection cables can be run behind the mounting rail for simple connection.

All electrical connections can be made before tiling leaving the installer to simply connect the plugs and fix the rail to the spigot.

Designed for multiple rail installation of our Single Bar 12V Towel Rails.

Not suitable for use with Vertical or Ladder Rails. The 7060 mounting kit needs to be installed on the right-hand side.

Mounting spigots are supplied with the single bar towel rails when purchased with a mounting kit.
